MAP Strategic Workforce Services Inc (MAPSWS)

MAP Strategic Workforce Services is an industry-led non-profit organization dedicated to advocating inclusive and diverse learning & working cultures in New Brunswick's skilled trades workplaces through effective mentorship training & programs, change management strategies and human resources best practices. MAPSWS was started in 2013 with NB-MAP that focused on mentorship training in the construction industry as mentorship is a core principle in the apprenticeship system. MAP Strategic Workforce Services (commonly known as MAP) was formally incorporated as a non-profit organization in February 2016 as the organization grew to offer more services and programs. MAPSWS currently delivers four programs/services: New Brunswick Mentor Apprentice Program (NBMAP), New Boots: Progressing Women in Trades, First in Trades (FIT) and Skilled Trades Exploration Program (STEP).

Northwestern Polytechnic (NWP)

Northwestern Polytechnic (formerly Grande Prairie Regional College) reflects the entrepreneurial energy of the region it represents. Established as a college more than five decades ago, the institution received its polytechnic designation in 2021. With campuses in Grande Prairie and Fairview, the institution serves students from across Alberta, Canada and the world. Students pursue a wide variety of academic programs ranging from certificates and diplomas to degrees.

Women Building Futures (WBF)

Women Building Futures (WBF) is a non-profit organization that offers programs and support services to help unemployed and underemployed women explore and connect to careers that pay above a living wage. Our employment training programs provide the introductory skills to begin a new career in areas where women have been historically underrepresented. Over the last two decades, WBF has supported thousands of women with the critical skills needed to enter the construction trades, driving and operating industries.

Yukon University

Yukon University's flexible education, training, and applied research opportunities reflect the cultures, values, and landscapes of Canada's north. We draw on northern expertise in Indigenous governance, sustainable resource development, the study of climate change and more. Our accredited pre-apprenticeship programs and apprenticeship training are part of over 40 degree, certificate and trades programs that equip you to seize opportunities, think boldly and lead positive change in your community and beyond. YukonU's 13 campuses are located on the traditional territories of the 14 Yukon First Nations. We respectfully honour the land, cultures, languages, heritage, Traditional Knowledge and worldviews of Yukon First Nations by proudly walking alongside them on their paths to self-determination and cultural revitalization.

Fanshawe College

Fanshawe is a comprehensive college serving the greater London region by providing flexible learning arrangements and experiential education opportunities developed in response to labour market needs. One of Ontario's largest colleges - with four campuses in London, Simcoe, St. Thomas and Woodstock - Fanshawe serves close to half a million people with a promise to educate, engage, empower and excite.

We offer more than 200 degrees, diplomas, certificates and apprenticeship programs to 43,000 students each year, helping people unlock their potential and achieve success in a variety of disciplines including applied arts, business, health care, human services, hospitality and technology. Fanshawe also plays an important role in providing re-skilling and skill upgrading opportunities for mature learners through the design and delivery of custom training for federally and provincially sponsored trainees, community organizations, sectoral training councils and private sector employers in the business, health, industrial and services sectors.

College of the North Atlantic (CNA)

CNA is the largest post-secondary educational and technical skills training centre in Atlantic Canada; enrolling learners each year in more than 100 full-time programs across six schools: Academics, Applied Arts, and Tourism; Business and Information Technology; Engineering Technology; Health Sciences; Natural Resources and Industrial Trades; and, Sustainable Development. For the past 60 years, since the opening of Trades and Vocational School campuses throughout Newfoundland and Labrador (NL), college education has evolved and responded to the education and training needs of this province. Today, with its Headquarters located in Stephenville, NL, CNA has multiple campuses and delivers programs and services to students throughout the province and across the globe, including online delivery and blended learning opportunities. Its geographic reach includes students taking its courses and programs in China and Qatar. CNA also recently ramped up its educational development outreach partnering with other institutions to bring Canadian standards, curriculum, and instructional approaches in post-secondary education to developing countries.

University of the Fraser Valley

The University of the Fraser Valley (UFV) is a fully accredited public university located in one of Canada's fastest growing and most ethnically diverse regions. We're surrounded by spectacular mountains, incredible scenery, and great recreational activities for everyone in every season. Our communities are connected, our housing affordable, and our cities are close to Metro Vancouver, the United States border, and the Abbotsford International Airport. A teaching university with a focus on excellence, UFV offers 17 bachelor's degrees, three master's degrees, and more than 100 certificate, diploma, and post-degree programs in applied and academic areas. Many of our programs ladder into one another, allowing you to keep your options open by earning a one-year certificate or a two-year diploma on the way to completing a full degree.

BC Centre for Women in the Trades (BCCWITT)

The BC Centre for Women in the Trades (BCCWITT) is a partnership led by tradespeople, along with industry and labour representatives, working to create a diverse, equitable and inclusive skilled trades industry, where all feel welcome, healthy, respected and safe. BCCWITT's vision is to lead the cultural shift needed to increase equity priority groups in the trades—addressing the barriers to attraction, retention and advancement—and create an equitable, diverse and inclusive trades industry.
